---

### PROFESSIONAL SUMMARY

Software Engineering student targeting Junior DevOps Engineer and Cloud Engineering roles, with hands-on experience in Microsoft Azure, Docker, Linux, networking, and Git/GitHub. Practical exposure to CI/CD concepts and GitHub Actions through hands-on labs, with a good understanding of the underlying workflows while continuing to build deeper expertise. Familiar with cloud infrastructure, Linux administration, SSH, containerization, networking, and Azure VM/Load Balancer/NAT concepts. Currently completing a DevOps Bootcamp to further develop skills in cloud, automation, and infrastructure.

---

### TECHNICAL SKILLS

**Cloud & Infrastructure:** Microsoft Azure, Virtual Machines, Virtual Networks (VNETs), Subnetting, VNet Peering, Resource Groups, Azure Monitor, Azure Storage

**Containers & Orchestration:** Docker, Docker Compose, Container Networking, Bind Mounts, Volumes, Kubernetes Fundamentals

**DevOps Foundations:** GitHub Actions, CI/CD Concepts, Bash Scripting Fundamentals

**Systems & Networking:** Linux, SSH, RDP, DNS, IP Addressing, CIDR, Network configuration, Troubleshooting

**Development & Version Control :** FastAPI, REST APIs, Uvicorn, Java, C++, Object-Oriented Programming (OOP), Git, GitHub

---

### TECHNICAL PROJECTS & EXPERIENCE

[Azure Cloud Infrastructure Lab](#) | *Azure · Networking · VMs · Monitoring · Storage*

- Built production/testing environments with **VNETs, subnetting, VM deployments and VNet Peering**.
- Configured SSH/RDP access, monitoring alerts and Azure File Storage.

[Dockerized DevOps Environment](#) | *Docker · Compose · Nginx · FastAPI · Redis*

- Containerized a FastAPI API and deployed a **4-service Docker Compose stack**.
- Implemented shared volumes, custom networks, container DNS and network isolation.

[GitHub Actions CI Pipeline](#) | *GitHub Actions · Python · pytest · Flake8*

- Built a CI workflow with **Python 3.11/3.12 matrix testing, linting, test artifacts and API smoke tests**.
- 

### EDUCATION

**B.Eng. Software Engineering** — College of Electronic Technology  
Tripoli, Libya | 2024–2027

**Highschool A-Levels** — Ernst-Abbe-Gymnasium  
Berlin, Germany | 2023

---

### LANGUAGES

**Arabic:** Native

**Amazigh:** Native

**German:** C2/ Native-Level

**English:** C1

**French:** Basics
